## Walk-Through Checklist

REMEMBER: A walk-through is designed only to discover material changes that have occurred since contract acceptance and the home inspection. It is not a new whole-house inspection.

<b>BEFORE LEAVING FOR THE WALK-THROUGH</b>		<b>Completed</b>
Have all paperwork at hand--contracts, addendum(s) and inspection reports.		
Make a list of all items that are to convey with the home (e.g. refrigerator, A/C units, etc)		
Make a list of all repairs/replacements agreed to in contract.		
<b>AFTER ARRIVAL AT THE HOME</b>		<b>Completed</b>
Check exterior for any new damage or changes. Check for trash removal.		
Pay particular attention to storage sheds, crawlspaces and detached garages.		
Inspect the interior of the home floor by floor, from basement to attic. Be on the lookout for missing or damaged items. Consult your list of items that are to convey and items that were to be repaired or replaced.
